PROFESSIONAL SUMMARY

Aspiring Project Manager with a strong technical foundation, focused on leading high-impact initiatives and building collaborative teams. Experienced in coordinating large-scale events, managing stakeholder relationships, and delivering successful projects from concept to execution. Proven leadership as President of Green University Computer Club, organizing inter-university hackathons and department-wide events. Technical background in software development provides deep understanding of technical teams and requirements. Strengths include strategic planning, cross-functional collaboration, budget coordination, and data-driven decision making.
